To the Respected Officials at the Imam Al-Hassan Foundation,

Since the town of Taybeh had a health center that provided comprehensive medical services (general medicine, dentistry, and pharmacy, etc), and since it was completely destroyed as a result of the recent Israeli aggression on Lebanon, and given that the town is now in urgent need of a similar center—especially considering that the former center served nearly 4,000 individuals from the town and nearby villages (Al-Qantara, Aadchit, Aadayseh, Deir Seryan, and Rab Thalathine).

And since your esteemed foundation has made the decision to establish a center in our town, we hereby send you this letter to express our sincere thanks and appreciation for your cooperation.

With deep thanks and appreciation,  
Taybeh, 12/09/2025

Head of the Municipality of Taybeh  
Jawad Mansour Kachmar
